JUDICIAL.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Judicial),—dated 10th June 1881.

No. 2054-61—CIR. 47, DATED 10TH JUNE 1881.

ORDER.—In making applications in future for warrants for the rendition of persons under the Extradition Act, District Magistrates are requested, instead of submitting draft warrants, to furnish information under the heads noted in the margin accompanied by the evidence and the proceedings of enquiry in each case as required by Proceedings No. 965-72—19, dated the 9th May 1881.

1. Officer to whom the warrant should be issued.
2. The Magistrate of the District who wants the warrant issued.
3. Name and description of accused person.
4. Where or under whose custody the accused person is supposed to be.
5. Name of the offence committed and section of the Indian Penal Code, under which the accused is charged.
6. Officer to whom the accused should be surrendered.
7. Place at which the accused should be delivered up.

R. VIJAYINDRA RAO,
Secretary.

To—All District Magistrates.

PART I.

REVENUE.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Revenue),—dated 23rd June 1881.

From the Superintendent, Mysore Revenue Survey, To the Secretary to the Dewan to His Highness the Maha Raja of Mysore, No. 359, dated Kunigal, 28th May 1881.

I have the honor to submit the report called for in Chief Commissioner's Proceedings Nos. 1711-3—R. 1213 of the 19th February last on the subject of the "Phut Pahani" or field inspection, preparatory to settlement, being done by the Taluk establishments.

2. I have put myself in communication with the Deputy Commissioners of Districts, from all of whom, with the exception of the Deputy Commissioner of Kolar, I have received replies which I beg to attach.

3. A perusal of the correspondence now submitted will, I think, put it beyond doubt that so long as the Taluk establishments are constituted as at present the field inspection cannot be done by those establishments, unaided. The Deputy Commissioners of Bangalore and Kadur unhesitatingly declare that the field inspection or "Phut Pahani" cannot be done by the Taluk establishments. The Deputy Commissioner of the Tumkúr District considers that the Shekdars could be utilized for the purpose, while the Deputy Commissioner of Hassan proposes that whilst the Phut Pahani is in progress in any Taluk the temporary establishment should do the office work, the permanent establishment being deputed for field work, but he does not see his way to dispensing with temporary hands.

4. Although the above suggestions point in the right direction they do not in my opinion go far enough. I venture to propose therefore for the consideration of Government a re-organization of Taluk establishments which might in my opinion not only provide very efficiently for the performance of the Phut Pahani and thus save the sum of Rs. 3,000 annually spent on that work, but also place the Taluk establishments on a better footing for all purposes at no greater cost than at present.

5. Taking for illustration the Taluk of Channaraypatna I submit the following figures in general illustration of my proposal. The higher grades such as Amildar and Sheristadar are not touched on nor yet those of Head Munshi, Deputy Munshi, Judicial Gumasta, Record-keeper, Shroff and Gollas which would remain as at present.

Present Establishment.				Proposed.				
No.	Designation.	Pay.	Total.	No.	Designation.	Pay.	Total.	Remarks.
1	Head Gumasta ...	20	20	1	Head Gumasta ..	25	25	All Gumastas would be liable for field duty, but as a rule those designated Field Gumastas would be employed on that duty and would draw somewhat higher pay.
4	Gumastas ...	15	60	2	Field do ...	22	44	
9	Shekdars ...	Various 20, 15, 10	130	4	Gumastas ...	18	72	
				3	Do ...	15	45	
				1	Do ...	12	12	
14	Total.....	...	210	11	Total.....	...	198	

First of all, with reference to the question of Phut Pahani, now immediately in point, there can be no doubt whatever that under such a re-organization as I have proposed, the work can be done by the Taluk establishment. It is very improbable that the Phut Pahani of more than two adjoining Taluks, and seldom of so many, would be in progress at one and the same time, and so the temporary loan of a few Gumastas from neighbouring Taluks not in progress would completely preclude the necessity of employing temporary hands, while the work would be carried out by responsible agency instead of by men of the class from which at present the Phut Pahani Gumastas are necessarily recruited—men who have everything to gain and little to lose while employed on the very important work in question. The sum of Rs. 3,000 now annually spent on Phut Pahari would be saved.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Revenue),— dated 23rd June 1881.

6. As regards the advisability, on other important general considerations, of the step I advocate, I do not think much difference of opinion will be found to exist amongst the Revenue Officers of this Province. All Amildars, without a single exception, whom I have consulted on the subject, have expressed themselves strongly in favor of the proposed change. It is not easy to define precisely the position and duties of a Shekdar. At present I believe his duties, although they should go much further, extend only to aiding in the collection of the revenue. Formerly under the batayi system the Shekdar had a good deal of work, but the batayi system now exists to a very limited degree. A Shekdar should be able to examine and check the Shanbhog's accounts, but to my knowledge this is a duty rarely carried out by any Shekdar. Work which a Gumasta, residing at head-quarters and taking his orders direct from the Amildar, would perform in 2 days would often require as many days for the order to reach the Shekdar and many more days for the work to be completed. In short the amount of work got through annually by a Gumasta under immediate supervision would contrast almost ludicrously with that of a Shekdar under the present system.

7. There is an item of saving to be effected also in the number of peons on the Taluk establishment. Out of an establishment of 2 Daffedars and about 26 peons in the Kunigal Taluk, where I am now writing, some 16 peons are detached for service under the Shekdars. About half the number of peons now attached to Shekdars might safely be dispensed with under my proposals without any loss in general efficiency.

8. I attach a statement showing I believe without any material inaccuracy the constitution of a Taluk establishment in the Bombay Presidency where the Phut Pahani is I believe always done by the Taluk establishment, unaided.

9. The transition from the present to the proposed system would entail but little trouble. A good many of the Shekdars are fit to be appointed Gumastas at once and those who are not fit are certainly unfit for the legitimate duties of a Shekdar as at present defined, comprising as they do the examination and check of the Shanbhogs' accounts. For this latter work the re-organization I now propose is eminently fitted.

10. I see no other way in which the Phut Pahani can be carried out by Taluk establishments than that above shown. As I have already remarked, there will be an annual saving of Rs. 3,000 and, what is of greater importance, the Phut Pahani will be infinitely more reliable.

Note.—Karkúns of less than Rs. 35 have no particular appointment assigned to them. Amildar may employ them at his own discretion.

No 2509-17—REV. 62, DATED 23RD JUNE 1881.

ORDER THEREON.—The proposed abolition of the Shekdars and the saving of the peons attached to them cannot be conveniently carried out owing to the multifarious duties attached to these officers and the desirableness of stationing such officers at important out-stations. It is not to be denied that these officers especially are at present

ıdifferently selected, and that a revision of them as well as of the establishment of 'aluk peons and other minor establishments which was left out in the late revision of ıe Taluk establishments is urgently called for. The Deputy Commissioners are re-uested to submit their proposals on the subject.

2. With regard to the peons, some reduction in their numbers ought to be :asible. With regard to Shekdars, it will be desirable somewhat to reduce their umbers and to raise their pay which may be fixed at 15 Rs. for two-thirds of the umber and at 20 Rs. for the remaining one-third. The Shekdars besides some power f management should also possess a thorough knowledge of the village accounts, and hould be capable of conducting the Phut Pahani, and the same qualifications should lso be required of the Taluk Revenue Gumastas. The Deputy Commissioners should t once set about improving their Taluk establishments in the above manner, elimina-ng such of them as are unfit, and should early submit nominal lists of those who are ualified and who are unfit for the work. If these instructions are attended to, there ught to be no difficulty in conducting the Phut Pahani by means of the permanent 'aluk officials without the necessity for any extra temporary establishments. As emarked by Major Grant, the establishments of neighbouring Taluks can be availed f to assist in the Phut Pahani work in the Taluks in which the same is conducted.

3. It is believed that the superior Taluk Officers, the Amildars and Sheristadars, re not all possessed of the above qualifications. They should be called upon to master he system of village accounts thoroughly within a limited time, and the Deputy lommissioners, after examining them, should report on the qualifications of the several fficers in the above respect.

Secretary.

FORESTS.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Forests),—dated 14th June 1881.

READ—

Proceedings, dated 27th April 1881, No. 619, regarding the re-organization of Forest arrangements in the Province.

Letters from Assistant Conservator Mr. Hutchins, Nos. 65—28, 11, 15, and 20, dated respectively, the 9th, 28th, 29th and 31st May 1881, submitting nominal lists of establishments to be retained under the new arrangements.

Letter from the Deputy Commissioner, Tumkúr District, No. 6, dated 28th May 1881.

No. 2139-44—CIR. 48, DATED 14TH JUNE 1881.

ORDER THEREON.—Establishments as per accompanying list are sanctioned for the Forests and Plantations in the three Districts of the Nundydroog Division, and also for the Head Offices, subject to revision after further experience.

2. With regard to the superior Office Establishments, the Rangers and a few of the Foresters, the men who are to be appointed with reference to their claims are named in the list. The rest of the appointments should be made by the Deputy Commissioners concerned out of the existing establishments, in the Bangalore District the Probationer who will be in immediate charge of the establishments being consulted. For the appointments of Foresters, preference should be given to the existing Foresters, if they are good men and are disposed to take up the appointments on the new rates of pay. Qualified men amongst the Head Watchers who will be thrown out should next come in for these appointments, and failing them suitable men from amongst the ryot classes should be appointed.

3. For the Watchers' establishments, the higher rate of 6 Rs. pay should be given to the men who have been longest in the service. It is important that Watchers should not degenerate to mere peons, but should all be employed as real working men not simply to watch the forests but to clear the fire-lines and do all other necessary work themselves. In regularly-demarcated forests, the arrangement made by Mr. Hutchins to employ a Watcher for every five or six miles to clear the fire-lines and otherwise protect the forests from fire should be continued. The men should all be provided, instead of peons' belts, with belts round their waists.

4. Where the forests are not under the immediate charge of Rangers or other superior officers, they should be placed under the direct charge of the Amildars of the respective taluks, the Foresters and the Watchers working under their orders. The rates of pay provided for the Foresters and Watchers are low, but they will be found ample to the ryots and working classes whom it is desired to employ, and when supplemented with a small annual bonus to those who are successful in the protection of their forests from fire and in otherwise improving them, the system ought to work more successfully than at present.

5. In the Kolar District, the Nundydroog forest, the only one now conserved, will be placed under the charge of the Amildar. There is thus no immediate occasion for a Ranger for this District, and as Mr. Hutchins suggests that an additional hand will be usefully employed in demarcating the fuel reserves on the sides of the Railway in the Bangalore District, M. Srinivas Rao, who was lately a Ranger in that District, will be employed on probation on the above work under the Probationer Narayan Rao, and carry out the instructions which may be given by Mr. Hutchins in the matter. Srinivas Rao will, for the present, draw a monthly salary of Rs. 30 with a fixed travelling allowance of Rs. 10.

6. There is no occasion for any addition to the Deputy Commissioner's Office Establishment on account of Forest work.

7. The above re-organization should take effect from the 15th instant, and nominal lists of the establishments retained and of those dispensed with under these arrangements showing the particulars of their service and salary should be furnished by the officers concerned.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 23rd June 1881.

READ—

Letter from the Deputy Commissioner of the Chitaldroog District, No. 93 of the 17th May 1881, requesting instructions as to whether the rules regarding Talimkhanas, published with Notification No. 172 of the 11th February 1881, are to be applied to all Taluk Kasaba Towns.

No. 2518-25—63, DATED 23RD JUNE 1881.

ORDER THEREON.—The rules regarding Talimkhanas need only be applied to towns with a large miscellaneous population, where any breach of the peace is apprehended from the people resorting to them, and where the Talimkhanas are largely resorted to. The Deputy Commissioners of the several Districts are requested to submit a list of the towns to which the rules at present apply and of those to which they would wish the rules to be extended.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioners of Districts.

PART I.

MILITARY.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Military),—dated 14th June 1881.

READ—

Letter from the Deputy Commissioner of Kolar, dated the 7th June 1881, No. 315—132.

No. 2163-71—49, DATED 14TH JUNE 1881.

ORDER THEREON.—The Dewan sees great objection to the present reduced guard of 1 Nayik and 3 Sepoys on the Taluk Treasuries both on the score of its insufficiency and of its leading to lax discipline. Where Sepoy guards are considered necessary, it is most desirable that they should be kept up at the full strength of 1 Havaldar, 1 Nayik and 6 Sepoys, and it is believed that this could be provided by dispensing with Sepoy guards at places where they are not required. Most of the Taluk Treasuries in the Shimoga, Chitaldroog and Kadur Districts may require Sepoy guards, but in the other Districts where the Taluk Cutcherries are situated in large populous towns and the Cutcherry buildings are strong with the Police Station and lock-up attached to them, there seems no reason why the Military guards should not be replaced by the Police as has been arranged in regard to Closepet, Devanhalli and Nelamangala. Arrangements should be made for training a select portion of the Police at least to the use of fire arms.

2. The guards on the District Treasuries, where they consist of but one guard, may probably require to be doubled, not simply for the better security of the Treasury itself but also to provide a larger Military force at the District Head-quarter Station The Military Assistant is requested to submit his proposals on the above points in communication with the Deputy Commissioners. He should also report whether the guards on the Jails at Kolar and Chikmagalur have been reduced to the minimum as directed in paras 2 and 3 of late Chief Commissioner's Proceedings, dated 30th April 1879, No. 885—Financial 2.
